ANNUAL REPORT 2024

Leaving an Imprint that Matters

To our Community Members, Partners, and Friends of 4KIDS,

Thank You for Believing in Their Story!

When we look back at this past fiscal year, we see incredible numbers and outcomes that your faithful partnership made possible. But what we also see is each individual child and how precious their story is to the world.

Every one of these children have their own unique fingerprint, it's like no one else's. We know that when kids are safe in a loving home with real resources for healing then they can go out and leave their mark on the world. Their future is made possible because of your investment today. Thank you for believing that their story matters, that their fingerprint is special, and that the imprint they are meant to make on this earth is invaluable.

Inside you will find outcome numbers as well as stories that shine a light on the unique ways your generosity is changing lives. We encourage you to take your time looking through this year's Annual Report and join us in celebrating the children and families who were strengthened this year. Because of your faithful support more children will go on to leave their own precious mark on the world.

Direct Impact

THESE ARE THE WAYS YOU'RE MAKING A DIRECT IMPACT ON LOCAL CHILDREN AND FAMILIES EVERY DAY THROUGH 4KIDS.

We know that meeting these urgent needs allows us to do deeper work that brings transformational healing. It's easy to look at these numbers and forget about the individual lives. With each program impact you'll see a real story from one unique child or family. We celebrate our collective impact as we honor the unique lives that have been made different because of you.

CarePortal

CarePortal is an online platform that connects real-time community needs with local churches eager to serve. In Southwest Florida a single dad of four kids was at risk of losing them to foster care—he needed help in the form of \$3,000 to cover the first month, last month, and security deposit for the home he found to rent. Life Church in Fort Myers, a 4KIDS Church Partner, led the way and gathered other churches to come together to cover this cost and keep a family together. Life Church alone has already served 72 children in just one year!

Foster Care

A 13-year-old girl came into foster care in Miami-Dade. With only one 4KIDS Foster Home available for teens at the time, all of our hope was placed in this new, single foster mom. When she received the call from our placement team not only did she say yes to this 13-year-old girl, but when she heard about her 4-year-old brother she wanted to take him in as well. This is the heart of a 4KIDS Foster Parent—the love and care they offer to the kids in their homes is life-changing.

Young Adults

4KIDS TIL 2:25 (Transitional Independent Living) provides homes and life-skills to young adults who have aged out of foster care or have nowhere to go. When one young woman left her TIL home, she later found herself in the midst of an unplanned pregnancy. She knew she could count on 4KIDS and reached out about our His Caring Place (HCP) home. This young woman struggles to feel safe and settled, often bouncing around from one place to the next, but when she arrived at HCP she immediately unpacked. She settled in just in time to welcome her new baby into the world.

EPIC™ Clinical Care

Kids in foster care are 3x more likely to suffer from PTSD than war veterans, often carrying trauma that may be invisible to others. A teenage boy was struggling with self-harm behaviors, troubling thoughts, and imagining ending his own life. After going through EMDR therapy with one of our EPIC Clinicians, his heart and his mind have improved drastically. Now he knows how to self-regulate and process his own thoughts and feelings. He even shares with friends about how being in therapy has changed his life—bringing the hope of healing to others in his community.

Impact that Goes Farther

THROUGH INNOVATIVE CARE, YOUR IMPACT IS REACHING INTO OUR COMMUNITIES AND BEYOND.

Digital resources, international reach, and expert led trainings are mobilizing the 4KIDS EPIC Therapeutic Approach. While HopeConnect™ creates healing Everyday Moments™ that allow parents to connect with their children through the Hope of God's Word. As these two life-changing initiatives work together, trauma-informed care is made accessible to more kids and families in need.

EPIC™

We're meeting the Emotional, Physical, Intellectual, and Character based needs of kids and families in crisis through 4KIDS' EPIC Therapeutic Approach. In addition to the direct care kids and families receive from one-on-one sessions with our clinical team, EPIC™ also reaches even farther with resources, local, and international trainings.

HopeConnect™

HopeConnect™ helps unlock every child's unique potential by strengthening their relationships with parents and caregivers. With Everyday Moments™ parents are able to walk through one-of-a-kind exercises that help them connect with their child. Designed by 4KIDS with therapists, social workers, and foster and adoptive parents from across the country, HopeConnect™ is accessible to families everywhere at no cost in English, Spanish, and Portuguese.

HopeConnect™

HopeConnect™'s trauma-informed activities are built on the foundation of parent-child connection through the Hope of God's Word. One adoptive mom was struggling to really connect with her daughter. In partnership with their 4KIDS EPIC Clinician, this mom began incorporating Everyday Moments™ into their daily lives. Activities like grocery shopping were chores this mom typically did alone but now she has the tools to make outings and time at home a chance for connection. This mom couldn't picture how to build a meaningful connection with her daughter, but with easy-to-use activities she is equipped to build a stronger relationship with her daughter that strengthens her understanding of God's Word.
